Introduction

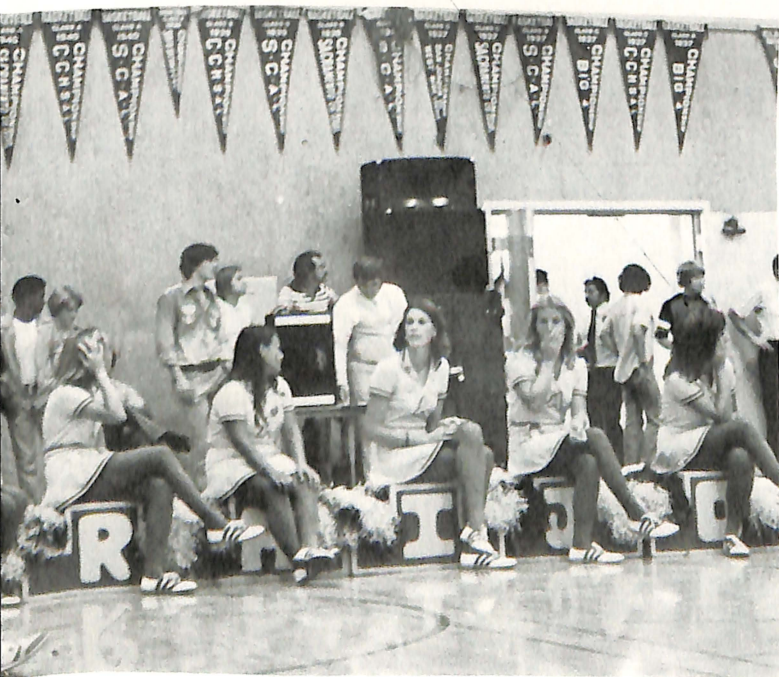

Time slips away so quickly. You look back and wonder, where has everything gone. The friends you promised you'd always keep in touch with. What happened to them? We all thought that our years in high school would last forever.

These may be the happiest years of our lives, but they are also filled with many new, and sometimes frightening, changes. We graduate with mixed feelings. We want to grow; become an adult. Yet we don't want to leave the security of our youth. There are many childhood possessions that we secretly hesitate to give up, even though outwardly we long to be considered an adult.

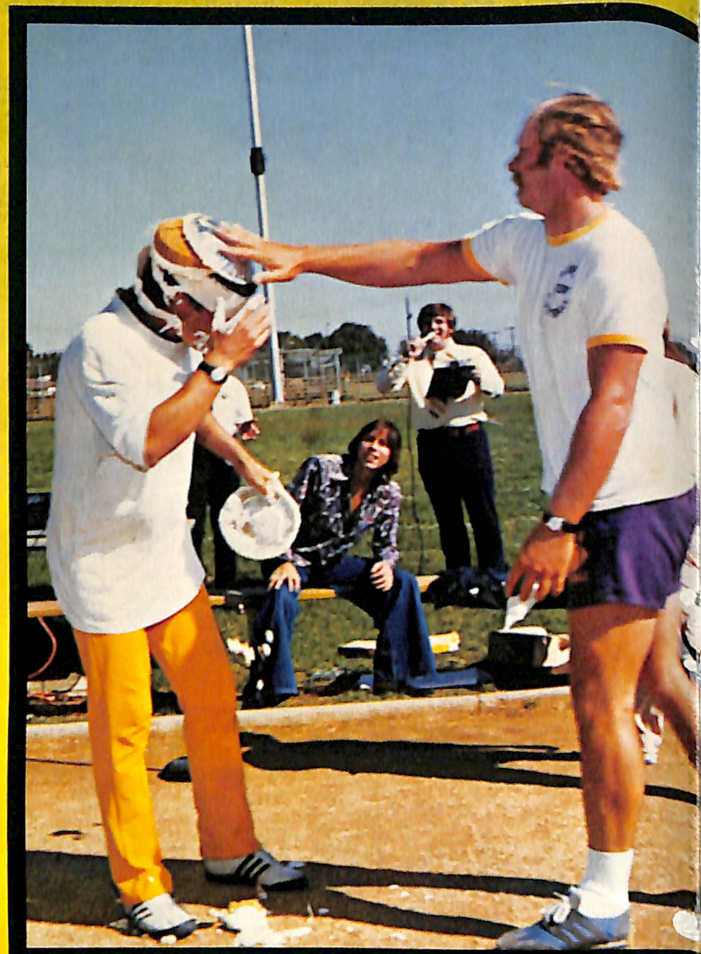

As much as we would like to, we can never stop or speed up the passage of time. As you look back on your high school years, remember the happy times you spent with your friends. Remember...

INVOLVEMENT IS THE KEY WORD

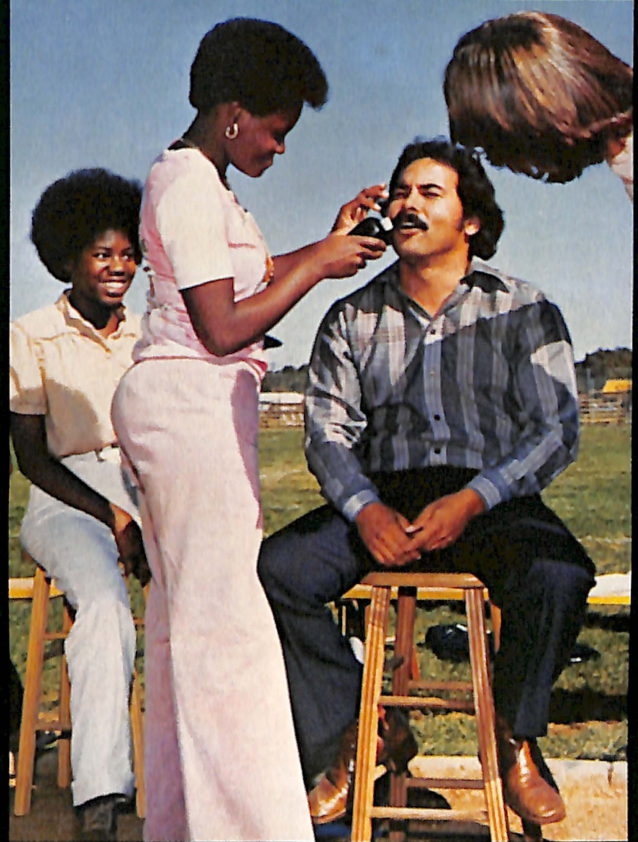

The making of

The Mixture

A mosaic of colors
Combining as one
Blending, yet separate
Into the mixture they run.

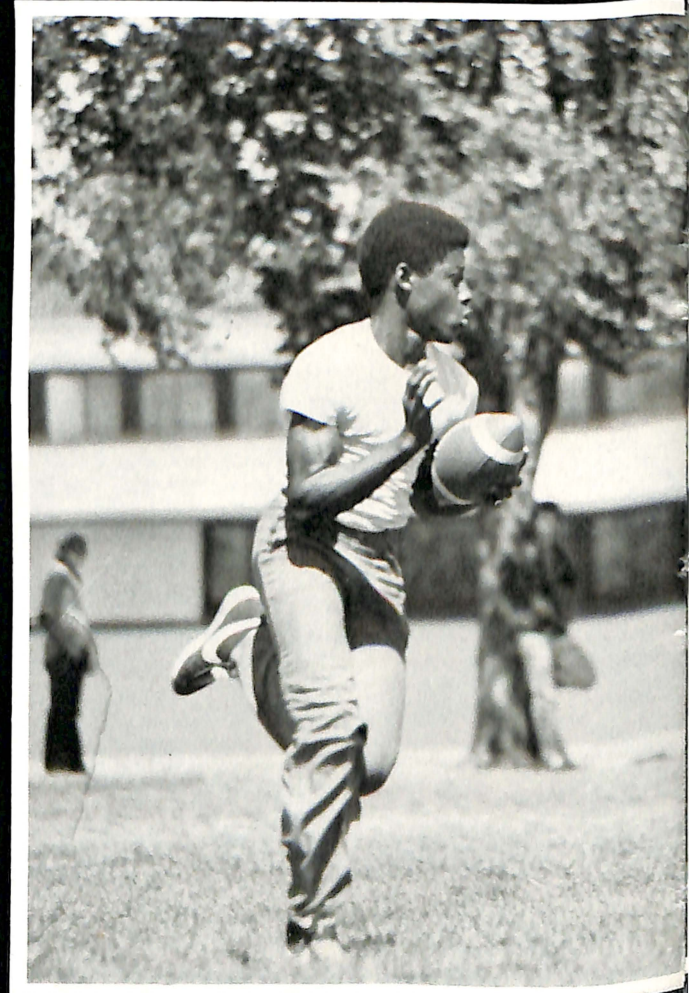

Watercolor in the rain
Together they are swirled
to a place where they're still
Different
In a rainbow covered world.

Maintaining diversity,
Yet joined into the heart
Of the mixture in the rain
Of the watercolor art.

Flowing together they unite,
Until completion of the picture.
Still each one holds a different
part
In the making of the mixture.

I SAY GOOD-BYE

Suspended insecurely between past and future
I hesitantly grope for safe footing
in the present.

Leaving yesterday that was good-rich-joyful-meaningful
requires a giving up
a yielding
a sacrifice
a letting go
a good-bye.

Knowing how hard it is to let go . . .

and feeling the
unsureness of

the unknown,

I've clung too long to what was.

With cautious boldness I say "good-bye" and turn with
eagerness
fear
anxiety
faith
pain
joy

to welcome the new with all its unknown quantities.
Determined to explore the new terrain,

I experience the new-conquer it-learn-
grow-until it too becomes too confining . . .

And the cycle of letting go-reaching out, good-bye/hello
starts again.

EVERYONE'S A WINNER . . .

This year a new judging system was created for the homecoming floats. They are awarded as Grand Sweepstakes, Best Use of Theme, Best Class Representation and Most Original. The system was changed so that no class would lose.

The theme this year was "A Bright Future". The Seniors got Grand Sweepstakes with their float, "Our Future, A Bright Future" (above). The Seniors didn't use any flowers on their float, showing concern for the recent water shortage. The Juniors got Best Use of Theme for their float, "A Bright Future From a Shining Past" (above right). The Sophomores received Best Class Representation with "Shooting Toward a Bright Future" (left). The Freshmen got Most Original for their float, "Ax Vintage for a Bright Future" (far left).

Many hours of hard work and late nights were spent trying to make the perfect float. In one sense, each class was a winner. Every class worked and cooperated together to produce some of the best floats seen at Armijo.

Skills Center

As Armijo moved toward a competency based curriculum, many students turned toward the Skills Center to gain extra instruction in the various skill areas. Mike Harper, the Skills Center Supervisor, has spent the past year increasing the number of materials available to students needing extra help in the Skill areas. Many teachers were involved in the development of Skills packets for the Center. As the year drew to a close plans were being made to expand the center for next year.

K. A. G. S. O.

Are you strange, weird, or restricted by social taboos? Well, this was the case of the members of K.A.G.S.O., so they joined together to become the Kazoo and General Spirit Organization. This group was under the indirect influence of Mr. Scherr and the direct influence of co-dictators, Becky Weddle and Bobbi Okerlund. This group was known to pop up unexpectedly at a number of places to fill the air with old-time favorite melodies. The one and only purpose of the Kazoo Band is to promote school spirit. It is the hopes of the co-dictators that other students will take the initiative to keep up the spirit of the Kazoos.

We, the La Mezcla staff of 1978, would like to express our sincere gratitude to those who supported the book throughout the year.

Without the financial aid of the businessmen of Fairfield the book would not have been possible. Again we would like to extend our thanks.

I GOT MINE

TRACES

"Faded photographs, covered now with lines and creases.
Pictures torn in half, memories of bits and pieces."

The Yearbook Staff would like to thank our advisor, Linda Ash; our photographers, Mary Cormelison and Mike Porter; and our Herff Jones Representative, Jim Gillespie. We'd also like to thank our many contributors. We would especially like to thank you, because without your support we wouldn't have a yearbook. Looking back, we realize how quickly the year goes by. I think we can say that the year was enjoyable and busy for all of us.
